Course Description:

In 6th, 7th, and 8th grade Art we will learn about the elements & principles of design. We will also build on our knowledge and learn about artist, art history, and different artistic styles. We will also utilize different mediums (pastels, watercolors, paint, etc.) to create art. Through the use of these mediums, you will develop your artistic skills and techniques as you design, develop, and create ORIGINAL pieces of art on a daily basis. Art projects for the year include: drawing, painting & sculpture in a variety of media. All students are required to try their best.
